REPORT OF THE NEW PROGRAM REVIEW COMMITTEE

December 1992

BACKGROUND:

The New Program Review Committee held four meetings during November and December 1992 and reviewed the proposed new doctoral programs in Education, Industrial and Manufacturing Engineering and Marine Affairs which had been forwarded by the Graduate Council. The following criteria as stated in section 8.85.22 of the UNIVERSITY MANUAL were considered in the review:

- Centrality of the program to the mission of the University of Rhode Island;
- Extent to which the program would contribute to the University's fulfillment of its three main responsibilities, teaching, research and service;
- Relationship of the program to the developmental plans of the University;
- Projected cost effectiveness considerations.

On December 10, 1992, the New Program Review Committee voted as follows:

- 1) That the Ph.D. in Industrial and Manufacturing Engineering be forwarded to the Faculty Senate without ranking or assignment of Class A, B, or C under the provisions of section 8.85.24 of the UNIVERSITY MANUAL:

...If programs do not require the allocation of general revenue funds for direct costs, or if the program can be entirely supported by reprogramming existing departmental funds, or if the amount of general revenue funds required per year does not exceed the current calendar year minimum salary of an instructor, no review under 8.85.20 shall be required...

- 2) That the Ph.D. in Marine Affairs be assigned a Class B recommendation (proposed new program to compete for resources on an equal basis with all other University activities);

- 3) That the Ph.D. in Education be assigned a Class C recommendation (proposed new program to be implemented if additional funds are made available to the University).

RECOMMENDATIONS:

The New Program Review Committee recommends the following:

- 1) That the Faculty Senate approve the proposed Ph.D. in Industrial and Manufacturing Engineering (attached pp. 21-46) without assignment of Class A, B, or C under the provisions of section 8.85.24 of the UNIVERSITY MANUAL;
- 2) That the Faculty Senate approve the proposed Ph.D. in Marine Affairs (attached pp. 47-64) with a Class B designation;
- 3) That the Faculty Senate approve the proposed Ph.D. in Education (attached pp. 65-91) with a Class C designation.
